

HEALTH POLICY

EMEC policy will operate a healthy workplace with no health incidents and improve the health awareness of its employees. To achieve this goal EMEC will embark on these strategies.

Pre-employment medical examination to determine fitness of employment.

Fitness certification will be issued and revalidated annually.

Reduction of exposure to hazardous substances, noise, vibration, chemical handling, and manual lifting Prevention of malaria and other diseases.

Work site supervision will be very intensive especially in the area of controlling hazards and their effects.

EMEC will provide a qualified First aider at the work site with adequately stocked first aid box.

There will be no use or possession of intoxicants or illicit drugs by any person on any of the project work sites or warehouses. Persons found to be in possession or under the influence of such substances shall be terminated from the job.
